

## Diamond coring tool

### DD 110-D

The fast-coring masonry specialist

#### Applications

- Dry coring in cellular concrete, sand-lime block, perforated brick, solid brick and clinker for installation of electrical fittings
- Through-holes for cables and cable trays
- Through-holes for pipes etc. in plumbing, heating and air conditioning installations
- Drilling in wood, metal and plastics in extra-large diameters

#### Advantages

- HDMU universal core bits for drilling masonry virtually dust-free
- Diameter range up to 162mm
- High performance motor with 2 speeds
- System matched to our VC vacuum cleaners

#### Technical data

	DD 110-D
<b>Chuck style</b>	BI+
<b>Power range</b>	1600 W
<b>Speed 1 (no load)</b>	650 rpm
<b>Speed 2 (no load)</b>	1380 rpm
<b>Dimensions (LxWxH)</b>	446 x 120 x 170 mm
<b>Weight in accordance with EPTA-Procedure 01/2003</b>	5.3 kg
