

ENAR's VIB-BAR is a portable vibrator powered by a petrol engine.

VIB-BAR

PETROL-POWERED PORTABLE VIBRATOR

+ Cordless

A petrol engine powers the VIB-BAR, therefore it does not require an electrical connection, increasing site safety.

+ Lightness

Users enjoy great comfort thanks to the lightweight of the driving unit and the ergonomic support.

+ Mobility

It is ideal for works where there is no electricity supply, allowing great mobility for the user.

+ Horizontal works

Thanks to its harness, which provides excellent handling and comfort, it is the ideal alternative for horizontal work.
